In view of recent theft in the society the Management Committee along with invitees assembled to review the security status of the Society premises. After detailed deliberations on different aspects including the perimeter of Society complex, the members have unanimously decided the following measures to be implemented.

1. From 10 PM to 6 AM, no delivery boy will enter in the society beyond entry gate. All delivery will be delivered at the entry gate and members are requested to collect goods/stuff from the entry gate of the society.
2. The height of the perimeter railing of the society to be increased by an additional 3.00 ft. One additional guard at night has already been posted.
3. Covering of the perimeter railing above compound wall around 1.5 ft. height with non-transparent sheet will be fixed.
4. Henceforth, no delivery person or visitor/ visitors will be allowed to enter into the Society premises without confirmation from the residents. Hence, residents are requested to keep their intercom functional or provide contact number (Mobile Number) at the gate, so that get keeper / Guard can take the consent of the residents before allowing the person.
5. Security Guards have been instructed to follow the norms strictly and residents are requested to cooperate with security guards and follow instructions given by the Management Committee from time to time.

All residents are requested to comply and cooperate to implement the above guidelines for the safety and security of the society.
